

SNMP Enabler

(PMEV120)

Technostrobe offers advanced monitoring solutions using enablers equipped with the SNMP and HTML protocols. These solutions allow for remote machine to machine monitoring, data logging features for customers without a NOC as well as «eyes on site» using our interface.

FEATURES

- Easy ad-on to an existing Technostrobe lighting system
- Uses SNMP V2c protocol
- Can act as daily log memory bank
- HTML interface to facilitate remote access
- Solutions are offered without licensing fees.

Electrical value

Input Power	5 Vdc fed by controller
-------------	-------------------------

Mechanical

Positioning	inside Technostrobe controller
-------------	--------------------------------

Connector	RJ45
-----------	------

Link & activity indicator	YES
---------------------------	-----

Dimensions (L-W-H)	50.8 x 50.8 x 25.4 mm 2' x 2 x 1 inches
--------------------	--

Weight	12.5 g (0.34 oz)
--------	------------------

Operating temperature	-40°C to 55°C (-40°F to 131°F)
-----------------------	-----------------------------------

Certifications

FCC Part 15, Subpart B, Class B

Warranty	2 years
